## Concept and Show Design

The most important thing about an event is

... a common thread, a dramaturgy that takes the guest into the show

... a perfect plan for implementation

**FLASHART** masters both inside and out - with more than 30 years of international experience in show design, directing and consulting.

## Technical Development and Planning

Development, planning and implementation of special solutions in live events is a big challenge and needs a reliable partner.

**FLASH ART** works in close co operation with the customer to find sensible and reliable solutions. Approval procedures, reports, risk assessments and secure integration into the processes with other trades are part of our daily work.

# International Projects and Logistics

**FLASH ART** has close networks in Asia, Russia, the Middle East, the USA or in other European countries. Experience with international dangerous goods transport, import permits and the necessary time windows, realistic assessments of the feasibility on site and knowledge of local regulations are know-how acquired over decades.

# Fireworks

With music synchronized fireworks we create dreamlike illusions and open with poetic sky paintings the souls of the people.

On this illuminated stage of the night memorial images are created to be kept as souvenir from an enchanting moment.

Shopping Festival, Dubai

A large crowd of people is silhouetted in the foreground, looking up at a massive cruise ship, the AIDAdiva, which is illuminated with bright blue lights. The ship is surrounded by a large display of fireworks exploding in the night sky, creating a spectacular light show. The scene is set in Hamburg, 2007.

## Indoor

**FLASH ART** for the first time realized in Germany with great success the idea of spectacular pyrotechnic shows in closed locations. The entire space becomes a theater stage. The choreography makes use of a high level of creativity and enables with swinging pendulums, running flames, burning chandeliers and large set pieces an unforgettable spatial overall experience.
