OUR HEART FEELS WHAT MIND DOES NOT SEE

With passion and know how **FLASH ART®** is working over 30 years in staging emotional and unique events.

We touch people and create a sustainable afterglow by all the beautiful paintings we draw into darkness, using technologies like fireworks, lasers, lights, water, flame systems or projection.

WATER

The power and beauty of the element water has fascinated humans since the baroque times.

FLASH ART's complex water systems allow up to 400m floating water theatres, mobile geysers of over 70m height, grafic water curtains , water screens and moving water canons. We direct millions of water drops performing for you.

Summerfestival

Doha, Katar

PROJECTION ON WATER

Waterscreens and watercurtains are magic screens that appear from nowhere and allow the projection of images in huge dimensions, outdoor as well as indoor.

Mobile waterscreen
20 x 45m giant water projection

Water Curtains
up to 20m height
